## **C**ONFERENCE AND WORKSHOP GRANTS Wenner-Gren Foundation for Anthropological Research

### **Description:**

The Wenner-Gren Foundation for Anthropological Research invites applications under its conferences and workshops grant program. Funding of up to \$15,000 per award is available to fund the following events to foster the creation of an international community of research scholars and advance significant and innovative anthropological research:

- **Conferences:** These are defined as public events that are comprised primarily of oral and poster presentations to a larger audience of anthropologists. Priority is given to major conferences sponsored by large international anthropological organizations that serve as their annual or periodic meetings. The majority of the funds granted to such conferences are expected to be used towards expenses for international scholars who are making presentations at the conference and would not otherwise be able to attend;
- **Workshops:** These are defined as working meetings which focus on developing and debating topical issues in theoretical anthropology. Workshops involve a small group of scholars who meet for a sufficient period of time to deal intensively with the topic. Priority is given to those workshops that devote the majority of time to discussion and debate rather than to the presentation of papers. It is expected that workshops will result in a publication.

Applications must be made by a professional anthropologist who is the primary organizer of the proposed conference or workshop.

## **INVITED LECTURESHIP TRAVEL GRANTS**

*Australian Society for Parasitology*

### **Description:**

The Australian Society for Parasitology invites nominations for its invited lectureship travel grants. This enables an overseas researcher with a strong international reputation to speak at the society's annual scientific meeting and at other venues around the country. The invited speaker's expertise must be common to a discipline or symposium conducted at the scientific meeting. The visitor must be nominated by a member of the society. The grant will assist financially with travel, registration and accommodation at the meeting. It is expected that the recipient will also seek to provide additional or alternative financial support. The invited lecturer is expected to visit at least two Australian states in addition to the location of the meeting.
