INTERNATIONAL DEVELOPMENT FUND *Society for General Microbiology*

Description:

The Society for General Microbiology invites applications for its international development fund. This assists microbiologists in countries where microbiology is inadequately developed but where its further development may assist education or the economy of these countries.

Application is open to full or full concessionary members who have made at least two consecutive membership subscription payments. International associate members who have been members for two subscriptions years and who are resident in a low-income or lower-middle-income country may also apply. Funding may be used for the following purposes:

- to support travel and accommodation for visits to give short lecture courses and laboratory training in subjects designed to meet the needs of these countries;

- for the purchase of consumables or small pieces of equipment;
- to support national microbiological facilities with culture collections or similar needs when they run into temporary difficulties;
- any other small project to assist in technology transfer from developed countries to developing countries.

The society will consider awards of up to £5,000.

SECTOR SKILLS ALLIANCES *Education, Audiovisual and Culture Executive Agency*

Description

The Education, Audiovisual and Culture Executive Agency's Erasmus Plus programme invites applications for its sector skills alliances action. This aims to tackle skills

gaps, and enhance the responsiveness of initial and continuing vocational education and training systems to sector-specific labour market needs and demand for new skills with regard to one or more occupational profiles.

Sectors eligible under this action are either those which have constituted a European sector skills council, namely textile, clothing and leather or commerce, or those with skills imbalances to which current commission policies respond, namely:

- advanced manufacturing;
- information and communication technologies;
- environmental technologies or eco-innovation;
- cultural and creative sectors.

Sector skills alliances will define skills and training provision needs in a given specific economic sector and then design and deliver EU sector-specific curricula.

Sector skills alliances are open to any participating organisations established in an Erasmus Plus programme country or partner country of the world. An organisation in a programme country applies on behalf of the alliance. Alliances involve a minimum of nine participating organisations from at least three programme countries, including two EU member states. Furthermore, alliances must include at least one organisation from each of following three categories in each of the countries involved: a public or private entity that provides VET; a public or private entity that has expertise in a specific sector at the regional, national or European level; a public or private entity that has a regulatory function for education and training systems at the local, regional or national level.

A maximum of €700,000 is awarded for two-year alliances and a maximum of €1 million is awarded for three-year alliances.

JOHAN F PERKINS JR MEMORIAL AWARD FOR INTERNATIONAL PHYSIOLOGISTS *American Physiological Society*

Description:

The American Physiological Society invites applications for the John F Perkins Jr memorial award for international

physiologists. The award promotes cultural exchange and scientific collaborations by providing supplementary aid to families of foreign scientists working for a minimum of

three months in the US. In this way, young scientists are able to bring their families and thus make full use of the cultural exchange as well as the scientific benefits associated with an international collaboration. The award will support family visits to the US for postdoctoral fellows and junior faculty from overseas.

The programme presupposes that the visiting scientist and their host already have made arrangements for scientific collaboration and have sufficient funds to cover the needs of the visiting scientist. The application must be made jointly by the host and the visiting scientist. The host must be an APS member. The recipient receives funds generally not exceeding US\$5,000.

Closing date: 15 Apr 14

Deadline information: Deadlines on: 15 April 2014, 15 October 2014, and repeated annually.

EVENT SUPPORT SCHEME
Regional Studies Association

Description:

The Regional Studies Association invites applications for its event support scheme. This supports the organisation of one-off events, such as workshops and conferences, on regional studies issues. Proposals for interdisciplinary events or events that cross between academia, policy and practice and encourage the participation of students, early-career researchers and developing-country citizens are particularly welcome. Applicants must be paid-up members of the association both at the time of application and when the event takes place. Funding is usually worth between £300 and £500, although in

exceptional cases for international events with large attendance it may be raised to £1,000. Funding may be used for travel expenses and accommodation for speakers and certain participants, to subsidise registration fees for students, for room and equipment hire, refreshments and administration costs.

Closing date: 15 Apr 14

Deadline information: Applications should be submitted six to nine months in advance of the event.

STRATEGIC PARTNERSHIPS IN THE FIELD OF EDUCATION AND TRAINING *Education, Audiovisual and Culture Executive Agency*

Description:

The Education, Audiovisual and Culture Executive Agency's Erasmus Plus programme invites applications for its strategic partnerships in the field of education and

training. These aim to support the development, transfer and implementation of innovative practices at organisational, local, regional, national or European levels. Priority will be given to partnerships that aim to:

- foster the assessment of transversal skills and promote the take-up of practical entrepreneurial experiences in education, training and youth work;
- promote the professional development of staff and youth workers in ICT methodologies and support the production and adoption of open educational resources in diverse European languages;
- facilitate the validation of non-formal and informal learning and its permeability with formal education pathways.

Partnerships are open to any organisation active in any field of education, training and youth or other socio-economic sectors as well as to organisations carrying out activities that are transversal to different fields, such as local and regional authorities, recognition and validation centres, chambers of commerce, trade organisations, guidance centres and cultural organisations.

Partnerships mainly target the cooperation between organisations established in programme countries. However, organisations from partner countries can be involved in a strategic partnership as partners, if their participation brings an essential added value to the project.

Grants are worth up to €150,000 per year over two to three years. The total budget earmarked for all education and training activities is approximately €1.31 billion.

Closing date: 30 Apr 14

LORENTZ CENTER WORKSHOPS *Lorentz Center*

Description:

The Lorentz Center, with funding from the Netherlands Organisation for Scientific Research (NWO), invites applications for support to host international workshops. This enables researchers to organise workshops to bring together natural scientists with

researchers from the humanities and social sciences. Two Lorentz facilities dedicated to workshops offer space for groups of up to 25 participants and groups of up to 55 participants respectively.

Researchers from each country are eligible to apply.

All participants have a workspace with a computer and internet connection. The number of lectures is limited to ensure time for interaction and discussion.

A budget of €600,000 per year is contributed by the NWO.

CONFERENCE GRANTS *Fritz Thyssen Stiftung – Fritz Thyssen Foundation*

Description:

The Fritz Thyssen Foundation invites applications for its conference grants. These fund scholarly and scientific meetings, in particular smaller conferences that aim to consider interdisciplinary questions, and foster international exchange and cooperation in a variety of fields. Smaller conferences to further discussion of specific themes to the point where results can be published are also encouraged. The foundation aims to support research, scholarship and international cooperation at universities and non-profit research institutions, primarily in Germany.

The foundation's focus areas are:

- history, language and culture;
- state, economy and society;
- medicine and natural sciences;
- image and imagery;
- international relations.

Applications can only be submitted from a university or other non-profit research institution. Applicants must have a doctoral degree.

Funds cover the costs of travel, accommodation and meals of active participants, as well as limited amounts for other costs of the meeting.

Closing date: 31 May 14

Deadline information: Applications need to be submitted at least three months before the planned date of the meeting. Deadlines on: 31 May 2014, 31 August 2014, 30 November 2014, 28 February 2015, and repeated annually.

CONFERENCE AND WORKSHOP GRANTS *Wenner-Gren Foundation for Anthropological Research*

Description:

The Wenner-Gren Foundation for Anthropological Research invites applications under its conferences and workshops grant program. Funding of up to US\$20,000 per award is available to fund the following events to foster the creation of an international community of research scholars and advance significant and innovative anthropological research:

- conferences, defined as public events that are comprised primarily of oral and poster presentations to a larger audience of anthropologists. Priority is given to major conferences sponsored by large international anthropological organisations that serve as their annual or periodic meetings. The majority of the funds granted to such conferences are expected to be used towards expenses for international scholars who are making presentations at the conference and would not otherwise be able to attend;
- workshops, are defined as working meetings which focus on developing and debating topical issues in theoretical anthropology. Workshops involve a small group of scholars who meet for a sufficient period

of time to deal intensively with the topic. Priority is given to those workshops that devote the majority of time to discussion and debate rather than to the presentation of papers. It is expected that workshops will result in a publication.

Applications must be made by a professional anthropologist who is the primary organiser of the proposed conference or workshop.

Closing date: 01 Jun 14

Deadline information: Deadlines on: 1 June 2014, 1 December 2014, and repeated annually.

**CHILD AND YOUTH INSTITUTE: SOCIAL PROTECTION AND
CITIZENSHIP RIGHTS OF VULNERABLE CHILDREN IN AFRICA**
Council for the Development of Social Science Research in Africa

Description:

The Council for the Development of Social Science Research in Africa invites applications for its child and youth institute on the theme of social protection and citizenship rights of vulnerable children in Africa. The institute, to be held from 9 to 27 September 2013 in Dakar, Senegal, aims to strengthen the analytical capacities of young African researchers on issues

affecting children and youth in Africa and elsewhere in the world.

Participants will be required to prepare a research paper to be presented during the course of the institute, which will then undergo peer review for publication by CODESRIA. Applications are sought for the positions of resource persons and laureates. Resource persons

should be senior scholars or researchers in their mid-career who have published extensively on the theme and can make significant contributions to institute debates. Laureates will be masters or PhD students or early career scholars with a proven capacity to conduct research on the theme of the institute. Intellectuals active in the policy process or in social movements or civil society organisations may also apply. Fifteen scholarships are available for laureates across the entire African continent. A limited number of non-African scholars who are able to raise funds for their participation may also apply.
